To: The Shareholders of Kim Loong Resources Berhad

Dear Shareholders,

PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK

1. INTRODUCTION

The Board had on 10 May 2021 announced that the Company intends to seek the approval of its shareholders for the renewal of authority to purchase and/or hold the Company's own shares in accordance with the provisions of the Act, the Constitution of the Company and the Listing Requirements.

The purpose of this Statement is to provide you with the relevant information on the Proposed Renewal of Authority for Share Buy-Back together with your Board's recommendation thereon, and to seek your approval for the ordinary resolution, which will be tabled at the forthcoming Forty-sixth AGM, the notice of which is set out in the Annual Report 2021.

2. DETAILS OF THE PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK

At the Forty-fifth AGM held on 28 July 2020, the Company obtained the approval of its shareholders to purchase up to 10% of the total number of issued shares of KLRB on Bursa Securities at any point in time.

As the authority for the purchase of Shares will expire at the conclusion of the forthcoming Forty-sixth AGM, the Board proposes to seek shareholders' approval of the Proposed Renewal of Authority for Share Buy-Back.

The total number of issued shares of the Company as at 22 April 2021 is 935,415,732 Shares. Hence, the maximum number of Shares which may be purchased and/or held as treasury shares by the Company is 93,541,573 Shares, which is 10% of the total number of issued Shares of KLRB.

The Proposed Renewal of Authority for Share Buy-Back is subject to compliance with Section 127 of the Act, any prevailing laws, rules, regulations, orders, guideline and requirements made pursuant to the Act for the time being in force, the Listing Requirements and/or any other relevant authorities and shall be effective immediately upon the passing of the relevant resolution up to the conclusion of the next AGM of the Company or the expiry of the period within which the next AGM is required by law to be held, whichever occurs first (unless earlier revoked or varied by ordinary resolution of the shareholders of the Company in a general meeting).

3. SOURCE OF FUNDS

The Shares so purchased will be funded entirely from the Company's internally generated funds and the amount allocated will not exceed the audited retained profits of the Company which as at 31 January 2021 stood at RM109,824,166. The cash reserves of the Group as at 31 January 2021 amounted to RM337,972,180.

The approval of the Proposed Renewal of Authority for Share Buy-Back will allow the Directors to exercise the power of the Company to purchase the Shares any time within the abovementioned time period. The actual number of the Shares to be purchased will depend on the market conditions and sentiments of the stock market as well as the financial resources available to the Company.

4. RATIONALE

The Proposed Renewal of Authority for Share Buy-Back will enable the Company to utilise its surplus financial resources to purchase its own Shares from Bursa Securities. It may stabilise the supply and demand of KLRB's Shares traded on Bursa Securities, thereby supporting the Company's fundamental value.

The Proposed Renewal of Authority for Share Buy-Back, whether the purchased Shares are to be held as treasury shares or subsequently cancelled, will effectively reduce the number of Shares carrying voting and participation rights and result in an increase in the Company's EPS, which is expected to benefit the shareholders of KLRB.

The purchased Shares can be held as treasury shares and resold on Bursa Securities at a higher price with the intention of realising potential gain without affecting the total number of issued shares of the Company. Should any treasury shares be distributed as share dividends, this would serve to reward the shareholders of the Company.

Section 127(7) of the Act also permits the treasury shares to be transferred for the purposes of or under an employees' share scheme or as purchase consideration. Presently, the Company does not have any employees' share scheme.

The Board intends to retain the purchased Shares as treasury shares or resell the purchased Shares on Bursa Securities or a combination of both or may use it in the manner allowed in the Act.

5. POTENTIAL ADVANTAGE OF THE PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK

The Proposed Renewal of Authority for Share Buy-Back, if exercised, is expected to potentially benefit the Company and its shareholders as follows:-

- (i) If the Shares purchased are cancelled, it would enhance the EPS of the Company and thereby long term and genuine investors are expected to enjoy a corresponding increase in the value of their investments in the Company.
- (ii) If the Shares bought back are kept as treasury shares, it will give the Directors an option to sell the Shares so purchased at a higher price and thereby make a capital gain for the Company and increase the financial resources of the Group. Alternatively, the Shares so purchased can be distributed as dividends to shareholders.
- (iii) The buy-back of Shares is expected to have the effect of stabilising the supply and demand as well as the price of the Shares on Bursa Securities which may in turn have a favourable impact on the share price of the Shares.

6. POTENTIAL DISADVANTAGE OF THE PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK

The buy-back of Shares will, however, reduce the financial resources of the Group and may result in the Group foregoing better investment opportunities that may emerge in the future or at least, deprive the Company and the Group of interest income that can be derived from the funds utilised for the buy-back of Shares. It may also result in a lower amount of cash reserves available for dividends to be declared to shareholders as funds are utilised to purchase the Shares.

Nevertheless, the Board is of the view that the Proposed Renewal of Authority for Share Buy-Back is not expected to have any potential material disadvantage to you as shareholders as well as the Company as it will be implemented only after careful consideration of the financial resources of the Company and the resultant impact on you.

7. EFFECTS OF THE PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK

The effects of the Proposed Renewal of Authority for Share Buy-Back on the total number of issued shares, NA, working capital, earnings and dividends of KLRB are set out below:-

(a) Total Number of Issued Shares

If the Proposed Renewal of Authority for Share Buy-Back is carried out in full and the Shares so purchased are fully cancelled, it will result in a reduction of the total number of issued shares of the Company as at 22 April 2021 from 935,415,732 Shares to 841,874,159 Shares.

	No. of Shares
Total number of issued Shares as at 22 April 2021	935,415,732
Shares reduced (Assuming the Shares so purchased, including the treasury shares held, are fully cancelled)	(93,541,573)
Resultant total number of issued Shares upon completion of the Proposed Renewal of Authority for Share Buy-Back	<u>841,874,159</u>
Treasury shares held as at 22 April 2021	<u>1,806,000</u>

Pursuant to Section 127(8) and (9) of the Act, if the Shares so purchased are treated as treasury shares, the rights attached to them as to voting, dividend and participation in other distribution and otherwise are suspended and the treasury shares shall not be taken into account in calculating the number of shares or a class of shares in the Company for any purposes, including substantial shareholdings, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at a meeting.

(b) Net Assets

The NA per share of the Group may be increased or decreased depending on the number of the Shares eventually purchased and the purchase prices of the Shares. If the purchase price exceeds the existing NA per share of the Group at the time of purchase, it will reduce the NA of the remaining shares. Conversely, the resultant NA per share will increase if the purchase price is lower than the existing NA per share.

For the Shares so purchased and kept as treasury shares, upon resale, the NA of the Group will increase assuming that a gain has been realised. Again, the quantum of the increase in NA will depend on the selling prices of the treasury shares and the number of treasury shares resold.

The audited NA per share of the Group attributable to equity holders of the Company as at 31 January 2021 is RM0.80.

(c) Working Capital

The buy-back of Shares will reduce the working capital of the Group. The impact on the cash flows of the Company and the Group will be dependent on the number of Shares eventually purchased and the purchase prices of the Shares.

For the Shares so purchased and kept as treasury shares, upon resale, the working capital of the Company will increase. Again, the quantum of the increase in the working capital will depend on the number of treasury shares resold and the selling prices.

(d) Earnings

Depending on the number of Shares purchased and the purchase prices, the buy-back of Shares may increase the EPS of the Group on the assumption that the share capital of the Company is reduced. Similarly, on the assumption that the Shares so purchased are resold, the extent of the effect on the earnings of the Group will depend on the actual selling prices, the number of treasury shares resold and the gain or loss arising on the disposal.

(e) Dividends

Assuming the Proposed Renewal of Authority for Share Buy-Back is implemented in full and the dividend quantum is maintained at historical levels, if the Shares so purchased are cancelled, it will effectively increase the dividend rate of KLRB as a result of the reduction in the total number of issued shares of KLRB as described under 7(a) above. Similarly, if the Shares so purchased are retained as treasury shares, the dividend rate of KLRB will also be increased with the suspension of the rights attaching to the treasury shares as to dividend entitlement.

8. PUBLIC SHAREHOLDING SPREAD

As at 22 April 2021, the public shareholding spread of the Company was 32.81%. The public shareholding spread is expected to be reduced to 25.49% assuming the Proposed Renewal of Authority for Share Buy-Back is implemented in full and the Shares so purchased are cancelled.

9. DIRECTORS' AND SUBSTANTIAL/MAJOR SHAREHOLDERS' INTERESTS

Save for the inadvertent increase in the percentage shareholdings and/or voting rights of the shareholders in the Company as a consequence of the implementation of the Proposed Renewal of Authority for Share Buy-Back, none of the Directors and substantial/major shareholders of KLRB or persons connected to them have any interest, direct or indirect, in the Proposed Renewal of Authority for Share Buy-Back and, if any, in the resale of treasury shares.

Assuming the Proposed Renewal of Authority for Share Buy-Back is implemented in full and all the Shares so purchased are cancelled, the shareholdings of the Directors and substantial/major shareholders and the persons connected with them based on the Register of Directors' Shareholdings, Register of Substantial Shareholders and Record of Depositors as at 22 April 2021, are as follows:-
